SOLID WASTE FACILITY PERMIT**33-AA-0017/97-02**

17. LEA Conditions --

- a. The operator shall make copies of all inspection reports and permits issued by this and other regulatory agencies available for review by site personnel and authorized representatives of all responsible agencies during normal office hours. In addition, a copy of this permit, the **Report** of Facility Information and special occurrence log shall be maintained **onsite**.
- b. The facility is **permitted** to receive the following non-hazardous solid wastes: Residential waste, mixed municipal waste, agricultural, construction demolition, tires from individuals, non-hazardous industrial, triple rinsed and punctured empty pesticide containers, dead animals, grits and screenings. Also **septic** wastes, chemical toilet wastes and grease trap pumpings may be accepted at the ponds.
- c. Any additional information the LEA deems **necessary to permit and inspect** this facility shall be provided by the operator.
- d. This permit supersedes previous permit **33-AA-0017** issued on 6-21-79. This permit reflects a **change in tonnage** from 55 TPD to 400 TPD maximum.
- e. To comply with Title 27, Section 20590 (Personnel Health and Safety), the operator shall ensure that all personnel assigned to waste handling/processing duties have and utilize (when and where appropriate) the following **equipment**: dust masks, hearing protection devices, safety glasses/goggles, safety vests, heavy work gloves, heavy work boots (steel shanks and toes recommended), and hard hats. Where applicable, this equipment shall **meet** all State and Federal safety standards. A copy of the site's Health and Safety Plan shall be maintained on-site.
- f. The site shall maintain the formal hazardous waste monitoring program that was approved by this agency. At a minimum, the program shall include the following:
 - inspection of all incoming loads for fugitive hazardous wastes at the fee booth/scales
 - training of all staff responsible for waste handling/management in hazardous waste recognition and site procedures in managing detected hazardous wastes
 - Provide signs listing materials prohibited from this facility
 - Maintain approved load checking program
- g. At a minimum, the following items shall be recorded in the site's special occurrences log:
 - weather conditions that adversely impact site operations
 - fires
 - explosions
 - accidents **and/or** injuries
 - any incidents involving hazardous waste
 - visits by regulatory agencies (name, agency, mailing address and phone number)
 - equipment down time that adversely impacts site operation
